## Addendum – COVID Contingency Statement

Energy Networks Australia recognises that EN2021 is being held in uncertain times due to the global pandemic. We are planning for a full in-person conference and exhibition. However, should last minute border, travel or quarantine restrictions apply for an Australian state(s) and registered delegates are unable to attend in person, arrangements have been made to modify the conference program. Conference sessions will be live streamed to enable two way interaction between in-person and virtual speakers as well as delegates. While virtual delegates will be able to interact with exhibitors through the conference app, ENA appreciates that a hybrid event may impact the value of an exhibitor's package, therefore the following arrangements will apply for exhibitors:

- I. If EN2021 is cancelled due to QLD COVID-related travel restrictions, exhibitors will receive a full refund of their package; and
- II. If EN2021 delegate numbers are materially impacted due to COVID-related travel restrictions; exhibitors will receive partial refunds depending on which state borders are affected.

Please note this addendum overrides the reference to Covid-19 in clause 15 Force Majeure.
